### S P O N S O R S H I P

Not so long ago, Hope Street made the decision to allow kids to be a part of the census. Experience taught us people flourish best inside healthy families. Kids need a safe space to live, learn, and develop new habits within a protected community. Today, 15-20 kids live at Hope Street at any given time. Kids bring noise, extra drama and a trail of "mess" wherever they go. There has been an extra sacrifice to provide a space that is good for kids too. However, their presence has brought a tremendous amount of beauty, peace and reconciliation. There has been an opportunity for parents and other adults alike to witness physical, emotional and spiritual growth. We invite you to join us and experience both the messiness and the beauty of the Kids in the Greenhouse. Join us as we work to create additional space for kids to run free as we build Shechem at Hope Street and build upon the foundation where kids can be kids!
