STREET

PLANTING SEEDS OF HOPE

SHECHEM

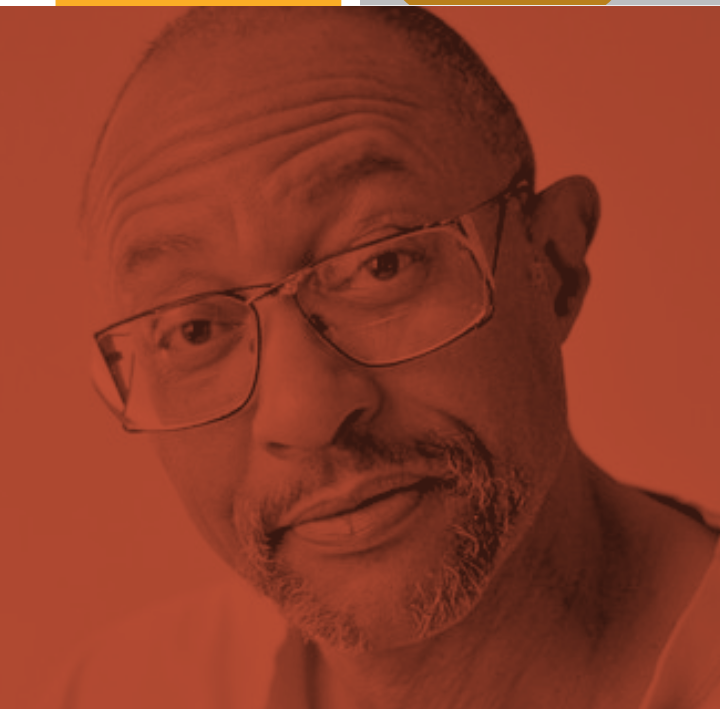

# 20

**FOR MORE THAN 20 YEARS**, Hope Street Ministry has provided housing and healing to people whose lives have been profoundly affected by tragic experiences like addiction or abuse.

Our community center — **SHECHEM AT HOPE STREET** — will be an extension of the existing Hope Street building. It will provide a safe space for our members, our neighborhood, and for people from surrounding communities who want to build relationships in the city.

# 50

**TODAY ABOUT 50** men, women, and children live at Hope Street where each have an opportunity to experience spiritual growth, job and life skill training, counseling, and more.

A community center on  
**26TH & CAPITOL**

# GROWTH

## JAMARRA, DAVONTE, LEBRON, AND TJ

*Hope Street members for 1.5 years*

Jamarra and her boys came to Hope Street after experiencing trauma. At first, Jamarra struggled with transitioning to life at Hope Street. She was stressed by life and financial burdens, and her boys were missing school.

Thanks to sessions with one of our partners, James Place Counseling, and support from Hope Street, things started to turn around for Jamarra and the kids.

The boys opened up more and began playing games with our volunteers, making friends with other kids at Hope Street, and building healthy habits like attending their virtual school classes.

Jamarra began attending community meetings at Hope Street and gaining support from others. She started school, discovered a better outlook on life, and is now employed.

Theirs is just one story of growth and change we have been proud to nurture.

# CONNECT

## SHECHEM'S PROMISE

Shechem at Hope Street will give more people like Jamarra and her boys the opportunity to grow, play, connect and learn.

Our center will offer families a positive space to stay connected to their Hope Street community long after they move out of our building.

Shechem will also create unforgettable opportunities for the greater Milwaukee community to build relationships with Hope Street members. Here, we will open minds and hearts and foster healing that goes beyond our walls.

## VAN AND JAZZMIN

*Hope Street members for 2 years*

When Van and Jazzmin came to Hope Street, they were jobless and homeless after escaping a toxic living situation. The couple was expecting a baby girl soon and were seeking stability for their daughter — something they didn't have as children.

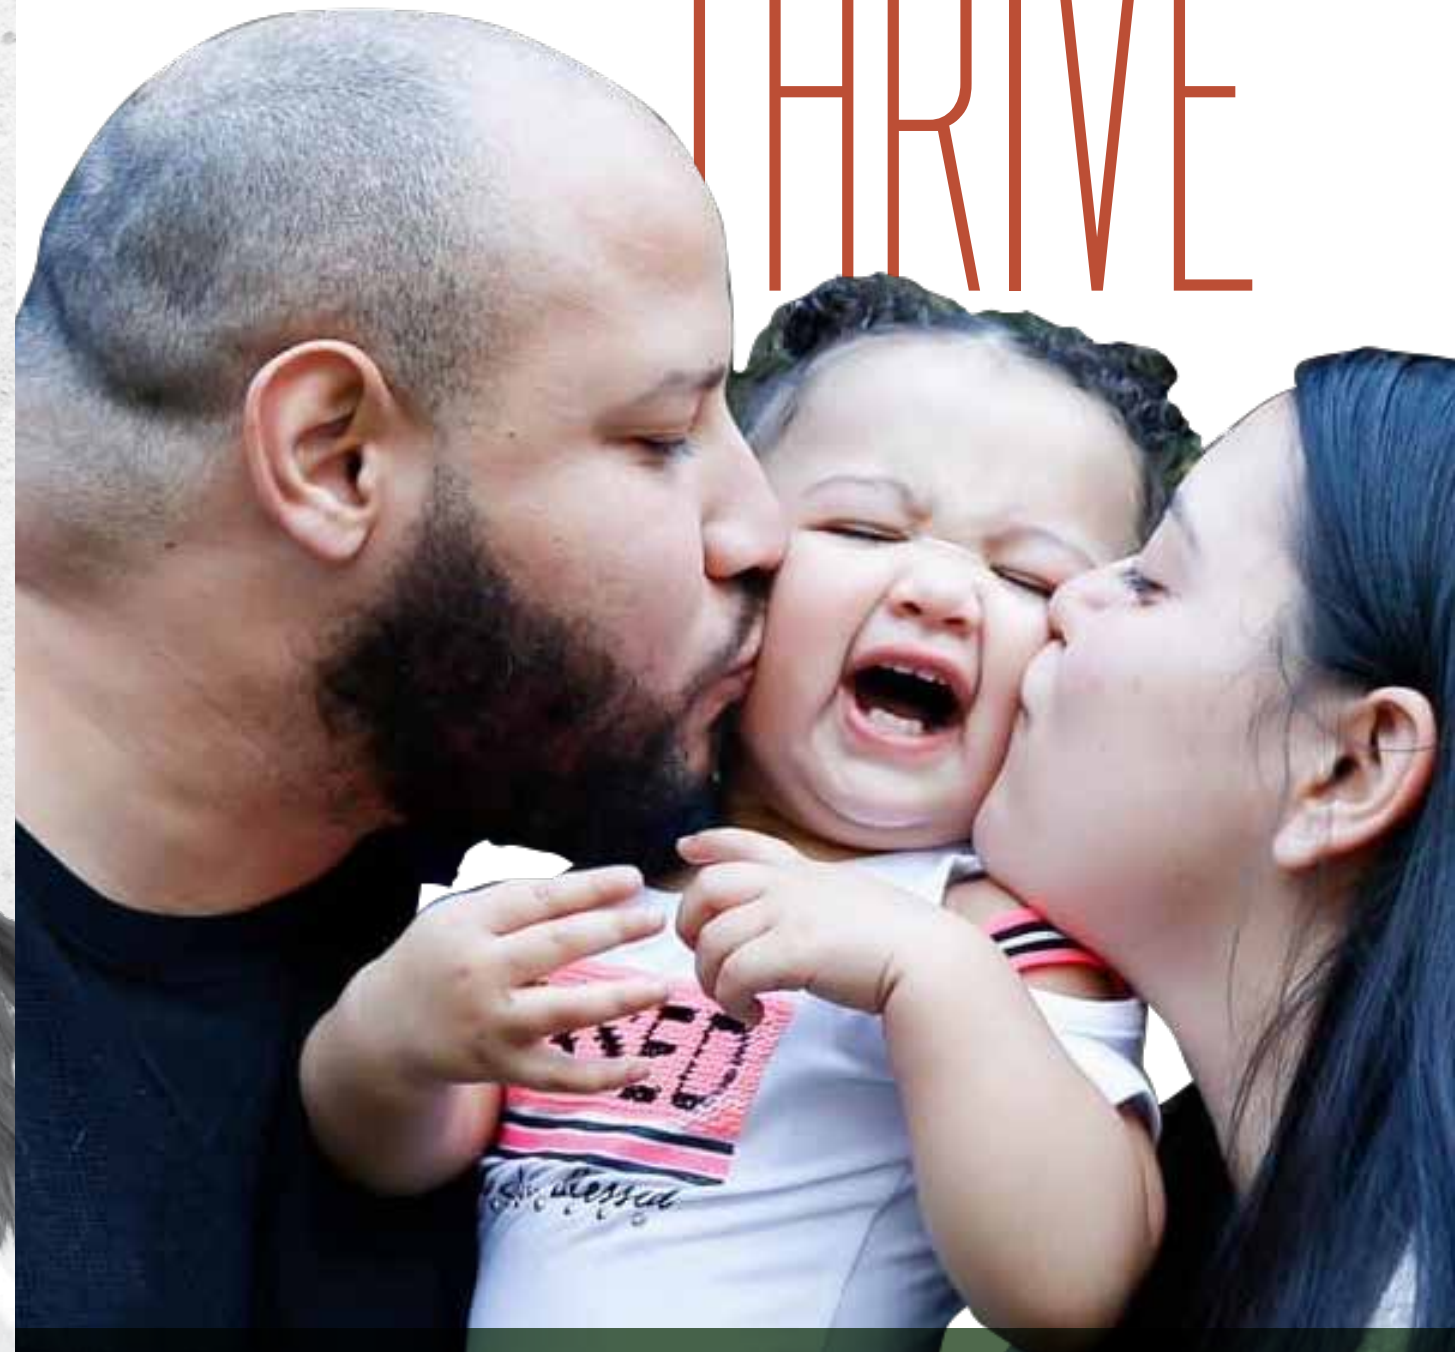

When Jazzmin's mother Karey moved into Hope Street for help with addiction, it was a chance to begin healing the generational trauma that led to a fractured family.

At Hope Street, Van and Jazz have had the chance to confront their family's pasts, marked by addiction and criminal activity. They've had space and support to work through their experiences and rediscover their strength. Meanwhile, Karey has been staying sober and all three have found jobs.

They've built healthy relationships with fellow Hope Street members and have a newfound sense of resilience to draw on in the face of adversity. The couple, along with their beautiful daughter Valencia, are now looking forward to living life outside of our walls.

# THRIVE

## A HEALING BRIDGE

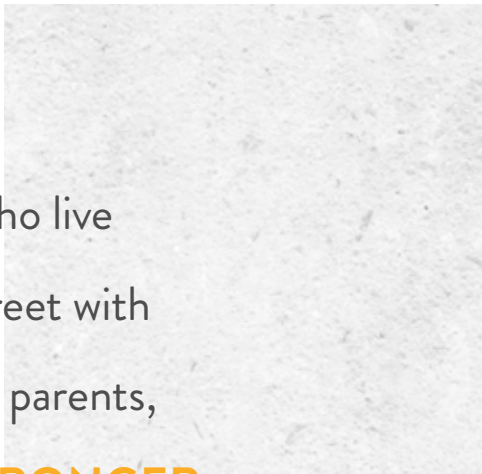

Van and Jazzmin don't always have it easy. But they have formed healthy habits that have led to flourishing lives. Van, Jazz, Karey and Valencia show our unique ability to mend families and build lasting support that helps them thrive.

Van, Jazz, and Valencia will soon move out of Hope Street, but Shechem at Hope Street will give them a place to remain connected to the people and spirit in our community.

They will walk alongside others in this neighborhood during their growth, and share their positive energy. Shechem at Hope Street will be a bridge for them as they transplant their lives back into the greater community.

Children, who live  
at Hope Street with  
one or both parents,  
**GROW STRONGER**  
emotionally, mentally,  
spiritually, and  
physically every day.

Shechem at  
Hope Street  
will offer a  
continuation  
of that **GROWTH**  
to our members,  
and the community  
at large.

# EXERCISE AND PLAY IS ESSENTIAL TO HEALING.\*

In our gymnasium, members will be able to move, have fun, and build **HEALTHY, SOCIAL CONNECTIONS** with people in the neighborhood.

INSIDE SHECHEM  
AT HOPE STREET

In our classrooms,  
event spaces, and  
cafe, members will  
learn job and **LIFE**  
**SKILLS** that will stay  
with them forever.

WE'RE DEDICATED  
TO CLOSING GAPS  
BETWEEN THE  
BLACK AND WHITE  
POPULATIONS  
IN MILWAUKEE.

# OUR RESPONSIBILITY TO HELP OUR MEMBERS FLOURISH DOESN'T STOP WHEN PEOPLE LEAVE HOPE STREET.

Shechem at Hope Street will create a bridge  
between our members, our neighbors, and the  
surrounding communities in a **SAFE AND  
INSPIRING ENVIRONMENT.**

THE SEEDS  
HAVE BEEN  
PLANTED.

OUR MOMENTUM IS  
**STRONG**  
AND WITH YOUR HELP,  
GROWING STRONGER.

Along with helping  
members **THRIVE**,  
Shechem at Hope Street  
will dramatically improve  
our neighborhood at 26th  
and Capitol on Milwaukee's  
north side. We will have  
a safer community  
with more opportunities  
for flourishing.

# MISSION

Hope Street's mission is to **LIVE OUT**  
**THE MINISTRY OF JESUS** by providing  
a safe place for broken people to grow, heal  
and flourish in all areas of life.

Shechem at Hope Street  
is a seed planted by our  
mission, and our members.

Your donation will make  
it **THRIVE**.
